## Operating income

**Operating income** reached **CZK 42.4bn** in FY 2019 (+14% Y/Y). The Y/Y growth was driven by increasing net interest income, higher net fee and commission income, one-off gains from revaluation of 55% share in ČMSS, sale of ČSOB Asset Management and historical legal case, and consolidation of ČMSS, while lower trading income had negative impact. Adjusted for the impact of ČMSS consolidation and one-off gains from revaluation of 55% share in ČMSS and the sale of ČSOB Asset Management, operating income would increase +3% Y/Y.

## Operating expenses

**Operating expenses** increased to **CZK 19.0bn** in FY 2019 (+7% Y/Y) due to higher banking tax (+23% Y/Y), higher staff expenses (+7 % Y/Y), and consolidation of ČMSS. Adjusted for the impact of ČMSS consolidation, operating expenses would increase +3% Y/Y.

FY/4Q 2019 **net profit** reached **CZK 19.7bn** (+25% Y/Y) and **CZK 5.0bn** (+17% Y/Y) respectively. The FY results reflect higher net interest income, higher net fee and commission income, one-off gains from revaluation of 55% share in ČMSS, sale of ČSOB Asset Management and historical legal case, and impact of ČMSS consolidation (100%), while lower trading income and higher staff expenses had negative impact.

Adjusted for the impact of ČMSS consolidation and one off-gains on ČMSS and ČSOB Asset Management the FY net profit would increase +6% Y/Y.

The return on equity (ROE) reached 20.7%, up from 17.5% driven by higher net profit.

## **ČSOB Group: Financial Overview**

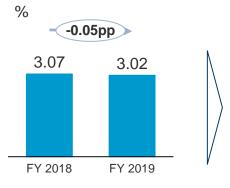

## Net interest income and Net interest margin Increasing net interest income

#### Net interest income (NII)

#### Net interest margin (NIM)\*

	2016	2017	2018	2019
Net interest margin (Ytd., %)*	3.00	2.90	3.07	3.02
	(2.93)	(2.98)	n/a	n/a

FY/4Q 2019 **net interest income** increased **+23% Y/Y** and **+15% Y/Y** respectively as a result of:

- (+) NII from deposits
- (+) other NII
- (+) consolidation of ČMSS
- (-) NII from loans

Adjusted for the impact of ČMSS consolidation, NII would increase +18% Y/Y in FY and +8% Y/Y in 4Q.

The increase of NII was partially influenced by shortterm operations at financial markets, which had negative effect in trading income.

In 2019, **net interest margin** reached **3.02%** (-0.05pp Y/Y) due to ongoing pressure on both lending and deposit margins.

The Y/Y decline of NIM in 4Q was also influenced by consolidation of ČMSS and higher external rates on savings deposits. The impact of ČMSS consolidation on 4Q NIM is approximately -0.2 pp.

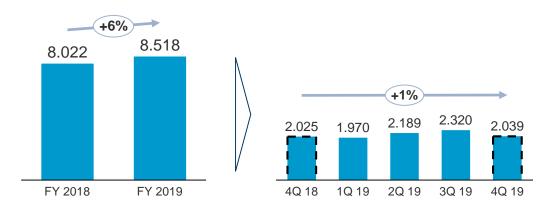

#### Net fee and commission income and Other

### Net fee and commission income increase

#### **Net fee and commission income (NFCI)**

CZK bn

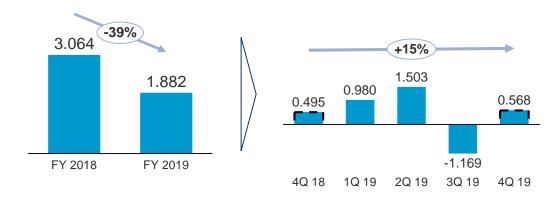

FY/4Q 2019 **net fee and commission income** increased **+6% Y/Y** and **+1% Y/Y** respectively as a result of:

- (+) consolidation of ČMSS and "Ušetřeno.cz",
- (+) higher asset management fees and account fees and decreased distribution fees,
- (-) lower fees on payments.

Adjusted for the impact of ČMSS consolidation, NFCI would increase +1% Y/Y in FY and decrease -7% Y/Y in 4Q.

#### Other<sup>1</sup> CZK bn

The **-39% Y/Y** decrease of item "**Other**" was influenced by following factors:

- (+) one-off gain from revaluation of 55% share in ČMSS,
- (+) one-off gain from sale of ČSOB AM,
- (+) one-off gain from historical legal case,
- (+) valuation adjustments,
- (-) short-term operations at financial markets, which had positive effect on NII.

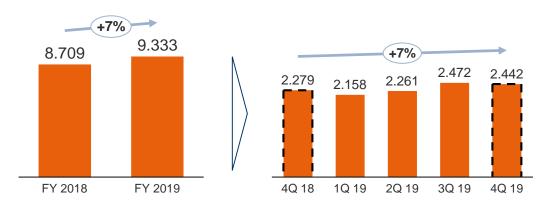

## Higher staff expenses driven by wage adjustments and ČMSS consolidation

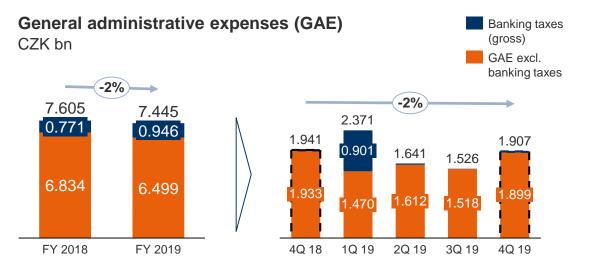

#### Staff expenses

CZK bn

FY/4Q 2019 **staff expenses** increased **+7% Y/Y** and **+7% Y/Y** respectively due to wage adjustments, creation of restructuring reserve, and consolidation of ČMSS while the lower average number of FTEs (-3% Y/Y) had a positive impact.

Adjusted for the impact of ČMSS consolidation, staff expenses would increase +3% Y/Y in FY and +1% Y/Y in 4Q.

FY 2019 **general administrative expenses** decreased **-2% Y/Y** driven mainly by methodological shift due to implementation of IFRS 16 and release of provision for legal dispute, while higher banking tax had a negative impact.

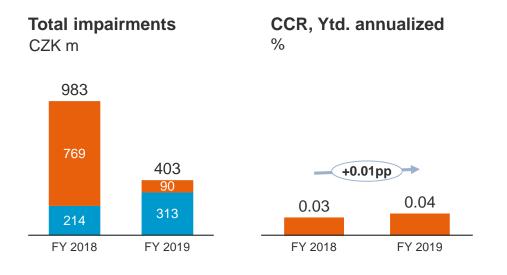

Adjusted for the impact of ČMSS consolidation, GAE (incl. banking taxes) would decrease -5% Y/Y in FY and -9% Y/Y in 4Q.

**Cost/income ratio** decreased to **44.9%** (-3.0pp Y/Y).

### Impairments and NPL

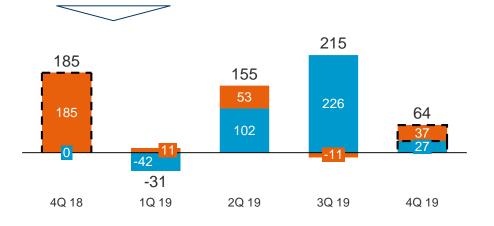

## **Excellent loan quality**

In 2019, **loan loss provisions** increased to **CZK 313m (net creation)** driven mainly by new consolidation of ČMSS.

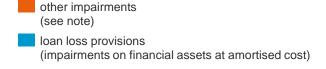

Other impairments decreased Y/Y to CZK 90m, due to the effect of revaluation of leased cars (operating leasing) in 2018.

Credit cost ratio for 2019 reached 4 bps (Ytd., annualized; +1 bps Y/Y). The Y/Y increase was influenced by the consolidation of ČMSS.

#### Risk view on structure of the loan portfolio

	31.12.2019			
IFRS 9 distribution	Amount (CZK bn)	Share on total loans		
Loan portfolio (incl. ČMSS)	780.7	100%

Stage 2 - underperforming	44.6	6%		
Stage 3 - non-performing loans	17.6	2%		

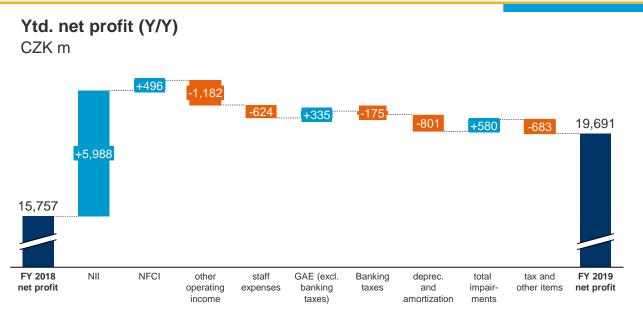

Notes:

Other impairments include impairments on tangible and intangible assets.

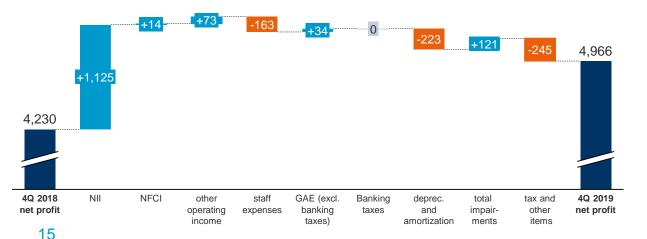

## Wrap up of net profit drivers

#### Quarterly net profit (Y/Y)

CZK m

## The main difference between FY 2019 and FY 2018 net profit was caused by the following drivers:

#### On the **positive side**:

- higher NII thanks to NII from deposits and other NII and consolidation of ČMSS
- lower total impairments driven by lower creation in ČSOB Leasing partially offset by higher creation in SME segment and consolidation of ČMSS, and lower releases in Hypoteční banka
- higher NFCI thanks to consolidation of ČMSS, higher asset management fees and account fees, and lower distribution fees
- lower GAE due to implementation of IFRS 16 and release of provision for legal dispute

#### On the negative side:

- lower other operating income due to lower trading income partially offset by one-off gains from revaluation of the 55% share in ČMSS, sale of ČSOB AM and historical legal case and valuation adjustments
- higher staff expenses linked to wage adjustments, consolidation of ČMSS, creation of restructuring reserve, and lower capitalization compared to 2018
- higher banking taxes due to higher regulatory requirement

## The main difference between 4Q 2019 and 4Q 2018 net profit was caused by the following drivers:

#### On the **positive side**:

- higher NII driven by NII from deposits and other NII and consolidation of ČMSS
- lower total impairments driven by lower creation in ČSOB Leasing
- higher other operating income due to valuation adjustments partially offset by lower trading income
- higher NFCI thanks to consolidation of ČMSS, higher asset management fees, and lower distribution fees
- lower GAE due to implementation of IFRS 16 and release of provision for legal dispute

#### On the **negative side**:

higher staff expenses linked to wage adjustments and consolidation of ČMSS

## **Solid capital position**

Consolidated, CZK m	31.12.2018	31.12.2019
Total regulatory capital	69,148	75,117
- (Common Equity) Tier 1 Capital	69,148	75,117
- Tier 2 Capital	0	0
Total RWA	383,254	391,461
- Credit risk	312,054	321,481
- Market risk	10,620	633
- Operational risk	60,580	69,347
(Common Equity) Tier 1 ratio	18.0%	19.2%
Total capital ratio	18.0%	19.2%

The Y/Y increase of (Common Equity) Tier 1 capital due to the increase in retained earnings partially compensated by the increase in deductible items (goodwill) due to acquisition of remaining 45% share in ČMSS.

Total RWA increased Y/Y when increase of credit risk (due to full ČMSS consolidation) was compensated by decrease of market risk (due to optimization of market risk positions within KBC Group). Increase of operational risk was caused by full ČMSS consolidation and increase in volumes.

## **Business Unit Czech Republic**

## Higher net profit driven by both ČSOB group and ČSOB Pojišťovna

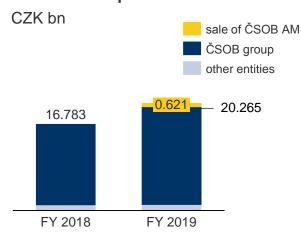

Effective as of 1 January 2013, KBC has organized its core markets activities into three business units. As a result, KBC's business in the Czech Republic have been included into Business Unit Czech Republic.

The FY/4Q 2019 net profit of the Business Unit Czech Republic reached CZK 20.3bn (+21% Y/Y) and CZK 5.2bn (+19% Y/Y) respectively. The Business Unit Czech Republic contains all KBC's operations in the Czech Republic, namely the ČSOB group, and full ownership of ČSOB Pojišťovna and until 4Q2018 also ČSOB Asset Management (ČSOB AM).<sup>2</sup>

The ČSOB group consists of ČSOB bank (including Postal Savings Bank), Hypoteční banka, ČMSS, ČSOB Penzijní společnost, ČSOB Leasing, ČSOB Factoring and Patria.

## **Appendix**

## We aim to build better community through innovative solutions and services

#### **For Business**

In 2019 we have supported 17 projects in total in the program Start it @ČSOB. These were typically technological B2B startups. We are focusing not only on cooperation within ČSOB group but also on connecting startups to our business clients, which generates business opportunities and valuable feedback for startups. Our business clients appreciate innovation opportunities that enhance their competitiveness. The project has also generated equivalent of 1.2 million CZK advertising value.

#### For Education

In the second half of 2019, we succeeded in obtaining accreditation from the Ministry of Education and Sports for teacher training as part of our project ČSOB Financial Education for Schools. Members of the teaching staff will join the 31,200 pupils already trained throughout the Czech Republic.

We are also launching online safety education at schools. In this area we will cooperate with the Police of the Czech Republic, with which we have concluded a Cooperation Agreement.

### For Longevity

Based on consultations with visually impaired clients, ATM adjustments have been prepared and introduced in October. The new software version significantly improves the comfort of use of ATM's by these clients.

Two initiatives have started: special phone lines for clients 65+ and individual care of clients 58+ at branches.

#### **For Nature**

As part of the Team Blue Goes Green project, we focused on environment protection in 2019. Between May 20 and September 7, we organized a number of environmentally oriented activities (waste sorting, circular economy, second-hand clothing, etc.) and promised to plant one tree for each employee involved. Overall, this means to plant 5,336 trees. So far we managed to plant 1129 trees and 603 shrubs in 35 locations throughout the Czech Republic. We will continue planting in the spring 2020.
