What does insurance not cover?

The insurance does not cover loss-incurring events:

- ✗ in connection with which the entitled person knowingly provides untruthful or grossly distorted substantial information concerning the scope of the insured event, or if the entitled person conceals any substantial information concerning this insured event;
- ✗ caused intentionally by a party exercising the right to indemnity, or by a third party on the initiative of this party, unless the insurance policy expressly provides otherwise or unless otherwise provided by law.

Exclusions from the insurance are included in GITC PC 2021, in articles regulating exclusions from the insurance and limitations of the indemnity, or in the insurance policy. The customer is informed about the contents of the Insurance Policy through the Information for the Insured.

Are there any limitations in the insurance coverage?

- ! In some cases, the indemnity may be limited or reduced. These situations are stated in GITC PC 2021, in articles regulating exclusions from the insurance and limitations of the indemnity, or in the insurance policy. The customer is informed about the contents of the Insurance Policy through the Information for the Insured.

The main exclusions from the insurance coverage that you would not have to expect include:

In the event of an insured event with a loss exceeding CZK 5,000 incurred by the Insured due to the loss or theft of a payment card in the Czech Republic and its subsequent misuse, the Insured must notify the Police of the Czech Republic of the insured event as a condition for the right to the indemnity.
- ! The Insurer shall pay the necessary costs of acquiring a new item comparable in kind, quality and use-value with the lost or stolen item.

Where does the insurance coverage apply to me?

- ✓ The insurance location is worldwide.

What are my responsibilities?

In addition to the obligations stipulated by generally binding regulations, the parties to insurance are obliged to comply in particular with the following obligations specified in the GITC PC 2021, or in the Insurance Policy:

- When arranging the insurance, the insured person is obliged to state all information truthfully and completely. During the insurance, the insured person is obliged to notify the insurer, without undue delay and in writing, of all changes in the facts about which the insured person was asked when arranging the insurance.
- In all its actions, it must act in such a way that the loss-incurring event does not occur, in particular it must not violate the obligations aimed at averting or reducing the danger and also it must not accept the violation of these obligations by third parties.
- If the loss-incurring event has already occurred, the insured person is obliged to take measures aimed at avoiding further damage. The Insured is also obliged to obtain sufficient evidence of the scope of the loss-incurring event, particularly by keeping the damaged subject matter of insurance or their parts or through photography or film material, video recording or testimony by third parties.
- Moreover, the insured person is obliged to notify the insurer and appropriate public administration authority, without undue delay, of the loss-incurring event if there is, in relation to the loss-incurring event, a suspicion of committing a crime, an administrative offense or an offense. The party to insurance is obliged to provide a true explanation of the origin and extent of the consequences of this event and to submit the necessary documents thereto.

When and how to make payments?

The insurance premium is arranged as regular. The premium is paid by the policyholder, i.e. ČSOB. The insured person pays an insurance fee to ČSOB.

The amount of the insurance fee is arranged between the policyholder (ČSOB) and the Insured, and is specified in the ČSOB Fee Price List.

The insurance fee is deducted by the policyholder from the Insured's payment account for the next 12 months in advance. The policyholder does not impose the insurance fee on the Insured for selected payment cards.

The length of the insurance period is 1 year.

If the insurance is terminated or the insurance version is changed on a date earlier than the last day of the insurance period, the insurance fee paid or any part thereof will not be refunded.

For detailed information regarding the premium and insurance fee, please see GITC PC 2021 or in the Insurance Policy. The customer is informed about the contents of the Insurance Policy through the Information for the Insured.

When does the insurance coverage start and end?

The insurance shall arise at the moment of signing/confirming the Payment Card Agreement, if the insurance is arranged for the payment card, or at the moment of signing/confirming the request for additional insurance.

The insurance is arranged for an indefinite period of time, with a fixed term of insurance of one year. The insurance is renewed automatically by the payment of the fee for every new insurance period.

In certain marketing campaigns, the insurance coverage begins on the date on which the Policyholder notifies the Insured of the commencement of the insurance in question, provided that the Insured has not declined the insurance within the timeframe specified in the offer.

The insurance is terminated by cancelling the payment card, upon request to cancel the insurance or upon submission of the notification of the loss-incurring event.

More detailed information regarding the origin and termination of the insurance can be found in the GITC PC 2021, or in the Insurance Policy. The customer is informed about the contents of the Insurance Policy through the Information for the Insured.

How can I terminate the policy?

The insurance policy may be terminated only by the policyholder, which is ČSOB.

For payment cards, the insurance may be terminated by a written application of the insured person to cancel the insurance, addressed to ČSOB. The insurance terminates on the day following the delivery of the application to ČSOB. Requests for cancellation of insurance or change to the insurance version must be submitted to ČSOB no later than 7 days before the end of the insurance period.

The insurance may also terminate in particular:

- upon expiry of the period for which it was agreed;
- by agreement;
- by termination of the insurance interest;
- on the date of death of the insured person;
- by termination of the right to use the payment card;
- if no replacement payment card is issued in the event of loss or theft of the original payment card;
- the insurance may also be terminated by means of a unilateral notification by ČSOB, whereby the participation in the insurance ends on the last day of the calendar month in which the notification was delivered to the insured;
- in another way specified in the insurance policy or in the Civil Code.
